Our Digital Safety MessageMats™ are printed using the same state-of-the-art digital process as our ClassicImpressions™ Logo Mats. These colorful, attractive mats are made of soil grabbing, high twist Static Dissipative nylon yarn with a non-skid Nitrile rubber backing and are fully launderable. These mats remind employees of important safety issues and bring increased awareness that can lead to fewer accidents, reducing workers compensation claims. They reduce floor maintenance costs and help to improve safety records.
